

NUIX DISCOVER FOR CORPORATIONS

Remove doubt from your discovery process

Nuix Discover delivers end-to-end eDiscovery without compromise. Nuix Discover combines the world's leading eDiscovery processing, review, analytics, and predictive coding in one software solution to help you uncover critical details faster and integrate them into your strategy for litigation and regulatory cases.

While necessary, often vital to your business, eDiscovery can be costly and time consuming. Nuix Discover gives you a flexible, scalable, and trusted option to take complete control of your eDiscovery workflows and cases.

THE NUIX ADVANTAGE

- **Take control of eDiscovery.** Nuix Discover enables you to take back control of your eDiscovery process while helping you stabilize budgets, speed up time to production, and maintain control of sensitive information.
- **Amazingly fast review.** Nuix Discover's intuitive user interface and intelligent automation capabilities allow legal teams to dramatically improve the speed and quality of document review while delivering profound time and cost savings.
- **Better early case assessment.** The software's integrated analytics will transform your early case assessment projects from one-dimensional keyword searching and hit counts to multidimensional visual analysis of concepts, custodians, and critical data points.

Nuix Discover's intuitive user interface allows reviewers to complete each task with fewer clicks.

GET STARTED SOONER

With processing, analysis, review, and production fully integrated into Nuix Discover, you can quickly ingest data and start reviewing in minutes—no load files, no exports, and a full portfolio of analytics and visualizations.

IMPROVE EARLY CASE ASSESSMENT

Nuix Discover reduces the complexity and workload of early case assessments. It wraps the power of concept clustering, visual review, and intelligent workflows into an intuitive user interface that promotes your initial mastery of any matter while controlling your data.

BETTER PROCESSING = BETTER REVIEW

With Nuix Discover, you don't have to worry about the other side having better data or surprising you with evidence you've never seen. You'll never miss a shred of evidence using our industry-leading processing, analysis, and review capabilities.

APPLY VISUAL ANALYTICS AND PREDICTIVE CODING

Incorporate analytics into your everyday workflows to figure out what's going on and define your case strategy. Industry-best models for clustering, mapping, and graphing distill the whole case into 'a-ha' moments, enabling you to get to the answers faster.

SCALE SEAMLESSLY FROM A SINGLE PST TO 100 MILLION DOCUMENTS

Nuix Discover is designed for scalability in data volumes and number of users. No matter how big or small the case, you can automate the way information is processed, organized, and presented to reduce operational costs and simplify hand-offs.

CALL THE SHOTS

Manage the eDiscovery process end to end with full control over your data and workflow, including self-service case set-up and administration. Even for the smallest matters, you get all the analytics, review efficiencies, and production capabilities at your fingertips.

Nuix (www.nuix.com, ASX:NXL) creates innovative software that empowers organizations to simply and quickly find the truth from any data in a digital world. We are a passionate and talented team, delighting our customers with software that transforms data into actionable intelligence and helps them overcome the challenges of litigation, investigation, governance, risk and compliance.

FLEXIBLE DEPLOYMENT OPTIONS

Run Nuix Discover where and how you want, in your data center or the cloud, using on-premise or hosted options. Whichever option you choose, you'll always get access to the latest features, innovations, and operational efficiencies to drive your eDiscovery process and share with your outside legal counsel and service providers.

Nuix Discover's powerful analytics, data visualizations, and predictive coding are all included in the base license.
