NUIX EDISCOVERY SPECIALIST TRAINING

Dive into the complete eDiscovery workflow from ingestion of data to final results. Learn how to conduct effective quality assurance checks to identify data issues early, apply analytics, search and culling workflows, enable stakeholders to quickly review key issues or results, and create quality production for exchange or use in court.

REGISTRATION IS \$1500 AND INCLUDES:

- Attendance in two pre-training courses during the 2018 Nuix User Exchange
- Attendance in our course on Wednesday, September 19
- Complimentary 3 month access to Nuix 101 in Nuix Academy (\$495 value)

Option to take the Nuix eDiscovery Specialist Exam in Nuix Academy following the training.

NUIX WEB REVIEW & ANALYTICS CERTIFIED PRACTITIONER TRAINING

Learn techniques to successfully install, implement, configure, and support Nuix Web Review & Analytics. Develop skills to create and manage user, group, and case security by navigating the Nuix User Management Server and practice common features including deduplication, exclusion, search and tag, and metadata profiles. This course is intended for those who support Web Review & Analytics in their organization and want to develop their understanding of how reviews will use it. Additionally, this course is perfect for the Web Review & Analytics user who would like to increase their administrative skills to support the application.

REGISTRATION IS \$1000 AND INCLUDES:

- Attendance in our course on Wednesday, September 19
- Option to take the Web Review & Analytics Certified Practitioner exam in Nuix Academy following the training.
